

GOKULA KANNAN S

PROFESSIONAL SUMMARY

Detail-oriented and self-motivated a BCA student with a strong foundation in **JavaScript, React.js, Java, Python, SQL**, and **web development**. Hands-on experience with database management, and version control. Passionate about building scalable and maintainable software solutions. Quick learner and effective team player with strong communication and problem-solving skills.

TECHNICAL SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript, React.js
- **Programming:** Java, Python, C++, JavaScript
- **Databases:** SQL
- **Tools & Platforms:** Git, GitHub, VS-code, IntelliJ, Postman, Excel (Data Handling, Visualization, Analysis)
- **Concepts:** Data Structures (Java), Algorithms, OOPs

EDUCATION

2022 – 2025 | VIT UNIVERSITY, VELLORE

Bachelor of Computer Application [BCA] – Computer Application
Current CGPA: 9.19

10th: 93.2 && **12th:** 85.16

RELEVANT PROJECTS

- **Airline Management System (SQL)**
Designed a relational database using SQL to store airline records, optimize data fetching, and streamline operational workflows.
- **Library Management System (Java & JDBC)**
Developed a Java-based application to manage over 100 book records.
Integrated CRUD operations with JDBC and a MySQL backend.
Implemented search, borrow/return functionalities using OOP principles.
- **Personal Portfolio Website – HTML, CSS, JavaScript**
Developed a responsive portfolio to showcase projects and skills using modern frontend tools. Integrated contact form, GitHub repos.

VIRTUAL EXPERIENCE

- **TATA GenAI Powered Data Analytics Simulation**
Offered by Forage | Completed June 2025
Explored applications of GenAI in data analysis tasks.
Gained Experience with data cleaning, visualization, and insight generation.

CERTIFICATIONS

- *Java (Basics) & SQL(Basics) - HackerRank*
- *Front-end Development - Coursera [John Hopkins University]*
Focused on designing responsive layouts and interactive user interfaces.
- *SQL and Relational Database - [IBM]*
Completed training on schema design, database management, and query optimization.
